The Indiana State Department of Health is requesting the following information to be released to the Children and Hoosiers Immunization Registry Program (CHIRP). The Family Education Rights and Privacy ACT (FERPA) requires an "active parent permission" to enter this information into CHIRP. This is a one-time only consent and is in effect until the parent decides to remove the consent or a student who is 18 years of age decides to remove the consent.

THE INFORMATION REQUESTED IS:

Child's Name, Date of Birth, Address, Guardian Name, and Immunization Information.

I understand that the information in the registry may be used to verify that my child has received proper immunizations and to inform me or my child of my child's immunization status or that an immunization is due according to recommended immunization schedules.

I understand that my child's information may be available to the immunization data registry of another state, a healthcare provider or a provider's designee, a local health department, an elementary or secondary school, a child care center, the office of Medicaid policy and planning or a contractor of the office of Medicaid policy and planning, a licensed child placing agency, and a college or university. I also understand that other entities may be added to this list through amendment to I.C. 16-38-5-3. I also understand that I am not obligated to consent to the release of this information.

I hereby consent to the release of such information by Monroe-Gregg School District to the Children and Hoosiers Immunization Registry Program.

Racial and Ethnic Data

The federal government, which requires all states to collect this information, has developed a new way to report ethnicity and race that includes new categories.

The federal government has developed these new categories in order to provide a more accurate picture of the nation's ethnic and racial diversity. This will enable individuals to be identified in ethnic and racial classifications and in more than one racial category.

In the past, forms allowed individuals to be identified in only one racial category. Currently, Monroe-Gregg School District asks families to provide information on students' race and ethnicity at the time of enrollment. Beginning in fall of 2010, we will ask the families of newly enrolled students AND of all current students to complete a brief form to update information on their children's ethnicity and race.

The data with the new ethnicity and race categories will be used in the same manner that such information is currently used. For example, the federal government uses racial and ethnic data in reporting and analyzing test results, such as ISTEP+ and the End of Course Assessments. The new categories will replace all existing categories for use in state and federal data collections that include data on ethnicity or race.

Home Language Survey (HLS)

The Civil Rights Act of 1964, Title VI, Language Minority Compliance Procedures, requires school districts and charter schools to determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students as outlined Plyler v. Doe, 457 U.S. 202 (1982).

The purpose of this survey is to determine the primary or home language of the student. The HLS must be given to all students enrolled in the school district / charter school. The HLS is administered one time, upon initial enrollment in Indiana, and remains in the student's cumulative file.

Please note that the answers to the survey below are student-specific. If a language other than English is recorded for ANY of the survey questions below, the W-APT or WIDA Screener will be administered to determine whether or not the student will qualify for additional English language development support.

Please answer the following questions regarding the language spoken by the student:

1. What is the native language of the student? _____
2. What language(s) is spoken most often by the student? _____
3. What language(s) is spoken by the student in the home? _____

Student Name: _____ Grade: _____

Parent/Guardian Name: _____

Parent/Guardian Signature: _____ Date: _____

By signing here, you certify that responses to the three questions above are specific to your student. You understand that if a language other than English has been identified, your student will be tested to determine if they qualify for English language development services, to help them become fluent in English. If entered into the English language development program, your student will be entitled to services as an English learner and will be tested annually to determine their English language proficiency.

Food Service Department

In an effort to make things run faster, beginning school year 2022-23, the Monroe-Gregg Food Service Department will be using a finger scanner for students to access their lunch accounts. The server with this data is kept onsite and is encrypted for safety. Students will have their finger scanned at the beginning of the school year 2022-23. If you do NOT want your child's finger scanned, they will need to learn a five digit code instead.

If you have any questions or wish to opt out of the finger scan program, please email Liz Malone, Food Service Director at emalone@m-gsd.org.

Military Children in Education

2016-17 School Year

Purpose: This questionnaire is the result of a Department of Defense (DOD) program supported by Indiana statute 20-19-3-9.4. Confidentially identifying military children and providing data on their attendance and educational outcomes, states can assist schools and districts by providing access to data to help inform policy and program decisions for this unique student population. In addition, DOD will benefit from this data in developing policy for military child education initiatives.
