MONROVIA ELEMENTARY SCHOOL STUDENT – PARENT HANDBOOK

Welcome to Monrovia Elementary School. All the members of the staff and I are pleased to have you as a student and will do our best to help make your experience as productive and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents and visitors, the Board of School Trustees publishes this updated Student/Parent Handbook annually to explain students' rights, responsibilities and consequences for misbehavior.

Parents are encouraged to take a few minutes to review and discuss the information in this Handbook with their school-age children. Teachers will also review this Handbook with students at the beginning of the school year.

Adopted by the Board of School Trustees on **April 12th, 2018**

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to the Principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of **April 2018**. If any of the policies or administrative guidelines referenced herein are revised after **April 2018**, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the Corporation's web site.

EQUAL EDUCATION OPPORTUNITY

Board Policy 2260

It is the policy of this District to provide an equal education opportunity for all students. Any person who believes that the District, a school, or any staff person has discriminated against a student on the basis of race, color, national origin, sex (including sexual orientation and transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information, has the right to file a complaint. A formal complaint may be made in writing to the School District's Compliance Officer listed below:

Dr. Kirk Freeman, Superintendent, (317) 996-3720 extension 1002

The complaint procedure is described on **Form 2260 F2**. The complaint will be investigated and a response, in writing, will be given to the concerned person within **10** days. The Compliance Officer may provide additional information concerning access to equal education opportunity. Under no circumstances will the District threaten or retaliate against anyone who raises or files a complaint.

PESTICIDE NOTIFICATIONS

If any parent or employee wants to be notified of any planned pesticide applications at Monroe-Gregg School District, please notify the superintendent at 317-996-3720. For Indoor Air Quality questions, please notify **Brett Everett**, maintenance director at 317-996-2258 extension 1006.

MISSION STATEMENT

The mission of Monrovia Elementary is to provide all learners with skills to continually develop unique academic, social, and emotional talents and abilities by:

- providing a safe and supportive environment
- offering innovative programming
- using a variety of best-practice teaching strategies
- using continuous assessment to monitor student progress and to identify areas for professional development, supporting all stakeholders in collaboratively working toward student success

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If

necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at School prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from his/her guidance counselor. Adult students (age eighteen (18) or older) are expected to follow all School rules. If residing at home, adult students should include their parents in their educational program.

STUDENT WELL BEING

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

All students must have an emergency medical form completed, signed by a parent or guardian, and filed in the School office. Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the School office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission from the teacher to go to the nurse's office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

SECTION I – GENERAL INFORMATION

ENROLLING IN SCHOOL

Board Policy 5111

Students are expected to enroll in the attendance corporation in which they have legal settlement, unless other arrangements have been approved. Students who are new to the School are required to enroll with their parent(s) or legal guardian(s). When enrolling, the parent(s) will need to bring:

- A birth certificate or similar document,
- Court papers allocating parental rights and responsibilities, or custody (if appropriate),
- Proof of residency, (no homeless child, who meets the Federal definition of homeless, will be denied enrollment based on a lack of proof of residency)
- Proof of immunizations.

In some cases, a temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. The guidance department will assist in obtaining the transcript, if not presented at the time of enrollment.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

PLACEMENT OF TRANSFERRING STUDENTS

Students transferring to the Monroe-Gregg School District from state accredited school systems may be assigned to grades and/or subjects on the basis of placement decisions made by appropriate school officials of previous schools.

Students transferring from non-state accredited schools may be assigned on the basis of their performance on tests appropriately selected and administered by the principal (or designee) to evaluate, approve, and assign values to all educational experiences requested to be transferred. This policy may not be used to circumvent federal, state, or local regulations.

NON-RESIDENT STUDENT ENROLLMENT

Board Policy 5111.01

Students who do not reside in the Monroe-Gregg School District and wish to enroll in the school system as cash transfer tuition students will be considered in the following manner:

1. Application for admission as a cash transfer student should be submitted to the administrative staff of the Monroe-Gregg school in which enrollment is sought.

2. The staff will review the request for acceptance or rejection of the application based on availability of space, program, and teaching personnel.
3. The student's school record and past conduct will be reviewed to determine if this information and conduct are consistent with the standards expected of the Monroe-Gregg student body.
4. The parents, guardians, or custodians agree to pay the transfer tuition in a timely manner (when applicable). Failure to pay the full cost of transfer tuition by the end of the current school year will result in a revocation of transfer rights for the following school year.
5. All book fees, student fees, athletic fees, lunches, etc. will be the responsibility of the parent or guardian and must be paid in full by the end of the school year.
6. The parents, guardians, or custodians agree to provide transportation to and from the school(s) being attended.
7. Cash transfer applicants will be accepted or rejected on an annual basis and applications will be subject to review prior to the opening of each school year.
8. The administrative staff will act upon the request for admission and inform the applicant of the status of said request accompanied by the permission to enroll from the resident District.

TRANSFER OUT OF THE CORPORATION

Board Policy 5131

If a student plans to transfer from Monrovia Elementary School, the parent must notify the main office. School records shall be transferred within fourteen (14) days to the new school corporation. Parents are encouraged to contact their student's guidance counselor for specific details.

WITHDRAWAL FROM SCHOOL

Board Policy 5130

A student anticipating withdrawal from school should have a parent/guardian contact the guidance office at least one day before the final attendance day. This allows teachers to be notified and to release grades earned at the time of withdrawal. An official withdrawal form can then be carried by the student to his new school. All obligations, book rental, library, textbooks and money from fundraisers must be turned in before a transcript will be sent to the receiving school. Educational and health records will be forwarded to a school where a student seeks or intends to enroll upon request by the student, a parent, or the receiving school, and to a court of law upon presentation of a legal subpoena.

No student under the age of eighteen (18) will be allowed to withdraw from School without an exit interview with the Principal who must agree to the withdrawal. The Principal is also required to provide to the Bureau of Motor Vehicles the name of any student under the age of eighteen (18) who withdraws from School for revocation of the student's driver's license. The student also may not be able to obtain an employment certificate needed to obtain a job.

CLASS ASSIGNMENTS

The current teacher and administration collaborate and take great care to place children in the most productive and nurturing educational setting for the school year. We consider student performance, student learning styles, teaching styles, personalities -(teacher and student), and student behaviors that should be separated.

STUDENT RECORDS

Student records are maintained in accordance with appropriate Indiana State Law and Department of Education rules and regulations. Access to student records is governed by State and Federal statute. Parents requesting IEP/504 plans will need to provide the Special Education Department (996-2246 ext 2216) with 24 hours notice.

HEALTH SERVICES

A health clinic facility is available for limited use or for awaiting transportation home for students who become ill or are injured. Only emergency first aid will be administered.

1. In case of illness or injury, a student should report to his or her current classroom teacher or the teacher whose class he/she is about to attend for a pass to the Nurse's Office. Students are not to report to the Clinic during passing periods unless prior arrangements have been made. It is not acceptable for students to make their own arrangements to go home due to illness or injury. It is our policy to send home a child with a temperature of 100 degrees or higher. The child should remain at home until his/her temperature has been below 100 for 24 hours with fever reducing medication.
2. If it is determined that the student should not be in school due to illness or injury, the school nurse or administrative office staff will call the student's parent/guardian.
3. The parent/guardian is responsible for transporting the student home or for making arrangements for transportation. It is the responsibility of the parent/guardian to notify the main office for changes in contact information.
4. If the student's condition appears to be or appears to become such that immediate medical attention is required, Emergency Medical Services will be requested, and their recommendations will be followed.
5. Monroe-Gregg School District does not assume financial responsibility for Emergency Medical Service, emergency transportation, or medical services rendered.

6. Students entering grade 6-12 must have appropriate documentation of the following vaccinations: Hep B, DTaP, Polio, MMR, Varicella, Tdap, and meningococcal (MCV4).
7. A new Indiana law requires each year that parents/guardians be informed "about meningococcal disease and its vaccine" (IC 20-30-5-18).
8. Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations.
9. Please talk with your child's healthcare provider about meningococcal disease and vaccination.
10. I.C. 20-30-5-15, All 10th grade students will be instructed regarding breast cancer & testicular cancer.

Board Policy 5320

Students must provide documentation that complies with the rules set forth by the Indiana State Board of Health that all immunizations required by law are current, including but not limited to pertussis (whooping cough), poliomyelitis, measles, diphtheria, rubella (German measles), tetanus, mumps, hepatitis A, hepatitis B, and varicella (chicken pox), or have an authorized exemption from State immunization requirements (I.C. 20-34-4-2) on file in the health office. Every child who enters grades 6 through 10 shall also have a meningococcal conjugate vaccine. Students entering grades 11 and 12 also must have a second meningococcal conjugate vaccine. From time-to-time other communicable diseases may be designated by the Indiana State Board of Health as diseases that require immunizations. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to your student's school nurse.

USE OF MEDICATIONS

Board Policy 5330

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

1. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
2. The Prescription Medication Permit must be filed with the respective building Nurse before the student will be allowed to begin taking any medication during School hours.
3. All medications must be registered with the Nurse's office.
4. Medication that is brought to the office will be properly secured.
5. Medication may be conveyed to School directly by the parent. A two to four (2-4) week supply of medication is recommended.
6. Medication MAY NOT be sent to School in a student's lunch box, pocket, or other means on or about his/her person, except for **emergency** medications for allergies and/or reactions.

7. Students who may require administration of an **emergency** medication may have such medication stored in the nurse's office. However, if authorization for self-medication has been provided by the parent and physician the student may retain possession of the self-administered medications.
8. A school may send home medication that is possessed by the school for administration during school hours or at school functions with a student in grades 9 – 12, if the student's parent provides written permission for the student to receive the medication.
9. Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of the School year.
10. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
11. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

NON-PRESCRIBED MEDICATIONS (OVER-THE-COUNTER)

Before any non-prescribed medication or treatment may be administered, the Board shall require the prior written consent of the parent, Non-Prescription Medication Permit. These documents shall be kept in the office of the school nurse. Except in the case of authorized self-medication, all forms of medication shall be administered by the Corporation in accordance with the Superintendent's guidelines. No student is allowed to provide or sell any type of over-the-counter medication to another student. Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug use provisions of the Code.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Board Policy 8450

Because a School has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the Communicable Disease Reference Guide for Schools: 2013 Edition.

CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES

Board Policy 8453

The District has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

WELLNESS POLICY

Board Policy 8510

The goal of the Monroe-Gregg School District Wellness Policy is to provide students access to healthy foods and beverages; provide opportunities for developmentally appropriate physical activity; and require that all meals served by the school corporation meet or exceed the federal nutritional guidelines issued by the U.S. Department of Agriculture. The M-GSD Wellness Committee meets bi-annually and consists of teachers, administrators, parents and students. The complete M-GSD Wellness Policy can be found on the district website.

SPECIAL EDUCATION

Board Policy 2460

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but all individuals who have access to the District's programs and facilities.

The law defines a person with a disability as anyone who:

- Has a mental or physical impairment that substantially limits one or more major life activities;
- Has a record of such an impairment; or
- Is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

FREE AND APPROPRIATE PUBLIC EDUCATION

Students are entitled to a free appropriate public education in the "least restrictive environment." The School provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School encourages the parent to be an active participant. To inquire about the procedure, a parent should contact Nate Dilley, Director of Special Education, extension 2215.

HOMELESS STUDENTS

Policy 5111.01

Homeless students will be provided with access to educational opportunities in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in high ability programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack or proof of residency.

PROTECTION AND PRIVACY OF STUDENT RECORDS

Board Policy 8330

The District maintains many student records including both directory information and confidential information.

Directory information includes: a student's name; address; telephone number; photograph; date and place of birth; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; listing on an honor roll; or scholarships.

Directory information can be provided upon request to any individual, other than a for profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may review Policy 8330 - Student Records.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, social security numbers, and communications with family and outside service providers.

Student records shall be available only to students and their parents, adult students, and designated school officials and personnel, who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child).

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student's educational records unless stated otherwise by court order. In the case of adult students (individuals eighteen (18) and older), parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

The administration may disclose personally identifiable information from education record without prior parental consent to officials of state and federal government, educational institutions and agencies, and under specific circumstances authorized by Board policy and Federal law.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- Political affiliations or beliefs of the student or the student's parents;
- Mental or psychological problems of the student or the student's family;
- Sexual behavior or attitudes;
- Illegal, antisocial, self-incriminating or demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships;
- Legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- Religious practices, affiliations, or beliefs of the student or his/her parents; or

- Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The principal will provide the parent access to the survey/evaluation within a reasonable period of time after the request is made. The parent may access the following: activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose; and the administration of any survey by a third party that contains one or more of the items described above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

SECTION III – ATTENDANCE

ATTENDANCE PHILOSOPHY

Board Policy 5200

A student's attendance is essential to learning. Learning includes not only factual subject matter, but also attendance habits, work habits, and attitudes. Poor attendance interrupts the educational process by impeding the continuity of the lessons presented and the student's ability to establish proper work habits. Whether the goal is the workforce or postsecondary education, students need to come to school every day and benefit from interaction, discussion, and teacher support available during class time. **Every absence has the potential to interrupt the student's understanding of the material being presented.**

Compulsory Attendance

I.C. 20-33-2

Indiana Code mandates that the responsibility for a student to be present in school rests with the student and his/her parent(s)/legal guardian(s). The school will assist the parent(s)/legal guardian(s) and student in this responsibility. The cooperation of the student, the parent(s)/legal guardian(s) and the school is essential in providing a firm framework for the student to achieve the fundamental foundation of regular attendance.

ATTENDANCE POLICY

Monroe-Gregg School District is required to enforce regular attendance of students. Attendance shall mean to be physically present in a school or at another location where the school's educational program is being conducted during regular school hours on a day in which the educational program the student is enrolled in is in session or during the attendance sessions to which the student has been assigned.

Classifications

Absences will be classified in one of three categories: Exempt, Unexempt, or Tardy.

- E = Exempt – Parent/guardian communicates to administration prior to absence using Pre-Arranged Absence form located in the Main Office, and is **verified with official documentation**.
 - SF = Exhibiting or participating in the Indiana State Fair for educational purposes;
 - NC = Participating in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the school corporation, facilitates the attainment of specific educational objectives, is part of the goals and objectives of an approved course or curriculum, represents a unique educational opportunity, cannot reasonably occur without interrupting the school day, and is approved in advance by the school principal.
 - FT = School sanctioned field trips
 - ISS/OSS = In-School and Out of School suspensions
 - CV = College/Technical school visit
 - DN = Illness verified by a doctor's note/medical documentation
 - DF = Death of an immediate family member verified by documentation
 - CA = Court appearance with documentation
- U = Unexempt – Parent/guardian communicates to the administration in person or by phone.
 - IL/IN = Student illness/injury with no doctor's note
 - PA = Pre - arranged
 - AP = Professional appointments
 - CA - Court appearance with no documentation
- T = Tardy – Arriving to class within twenty (20) minutes from the start of class.

TR = Truant – NO PARENT/GUARDIAN COMMUNICATION TO ADMINISTRATION WITHIN TWO DAYS OF ABSENCE. Counts towards Unexempted total of twelve (12) days and consequences will be assigned to the student.

Notification of Absence

Parents/legal guardians are responsible for notifying the School of their child's absence by calling (317) 996-2246 before 9:00 am on the day of the absence. This call serves as notification of the student's **absence** as well as **why** he/she is not attending school. If the Administration has not received notification of an absence by this time, verification phone calls will be made using the contact information listed on our student management system, Skyward. If no verification of the absence is made within two (2) school days of the absence, it will be classified as Truant.

Late Arrivals

It is the responsibility of the student and the parent/guardian to ensure that the student arrives to school on time each day. Monroe – Gregg Schools provide transportation to all students, in good standing, that reside within its District boundaries. If a bus is late, the students' attendance is not affected.

PRE-ARRANGED ABSENCES

Families may know of absences in advance. We ask that you inform the classroom teacher and office of the dates of anticipated absence and arrange for work to be made up.

Extended Medical Absence

Students with a health condition that causes repeated absence are to provide the Administration with a **Physician's Certificate of Student's Illness for Incapacity to Attend School**. This is a legal document signed by the attending physician stating that the student is under that physician's care and the illness being treated frequently renders the student incapable of attending school. This document can be picked up in the School's Main Office.

Due Process Notification

Parent(s)/guardian(s) will receive written notification by regular mail upon their student's sixth (6th) unexempted or truant absence. Upon a student's ninth (9th) unexempted absence, another written notification will be sent by regular mail, as well as an Administrative meeting with the parents/guardians. If a student continues to accrue unexempted absences, upon the twelfth (12th) day missed **OR** tenth (10th) full day truancy, a written notification will be sent by certified mail or hand

delivered, **and** a meeting will be set with the parent(s)/guardian(s), student, guidance counselor, administrator, district attendance officer, and Teacher of Record (if applicable). During this meeting any extenuating circumstances may be presented by the student and parent/guardian. All options for student success will be discussed, as well as further consequences for unexcused absences. **A student may not accumulate more than 12 days of non-exempt absences within a school year and will be required to provide doctor's notification for any absence after this limit has been reached.** This total includes truant absences as well.

It is the responsibility of the bus drivers, transportation director, and administration to enforce these rules with their accompanying

penalties. Student's responsibility is to understand and follow the rules for bus conduct, as well as respecting the rights and feelings of other students on the bus. It is the parent's responsibility to inform the bus driver when their child will not be boarding the bus. The bus will not wait. Students will ride only assigned School buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Transportation Director, Gina Speck extension 2007.

KNOWLEDGE OF DEADLY OR DANGEROUS WEAPONS OR THREATS OF VIOLENCE

Because the School Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of deadly or dangerous weapons or threats of violence to the principal. Valuables such as jewelry or irreplaceable items should not be brought to School. In cases where personal property creates a distraction to the educational environment, the School may confiscate such items and return them to the student's parents.

Damage to, or loss of, School equipment and facilities wastes taxpayers' money and undermines the School program.

I.C. 20-33-8-0.2

Bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass (to annoy continually), ridicule (the act of exposing to laughter), humiliate (to reduce to a lower position in one's own or others' eyes), intimidate (to make timid or fearful), or harm (injure) the targeted student and create for the targeted student an objectively hostile school environment that:

- Places the targeted student in reasonable fear of harm to the targeted student's person or property;
- Has a substantially detrimental effect on the targeted student's physical or mental health;
- Has the effect of substantially interfering with the targeted student's academic performance; or

- Has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

This rule may be applied regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted student attend a school within the School District and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of other students to a safe and peaceful learning environment.

All corporation and school employees, volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this policy to the principal or the principal's designee on the same day that an incident was witnessed or reliable information regarding the occurrence of an incident was received. A written report of the incident shall also be submitted to the school principal or principal's designee within one (1) school day of submitting the verbal report.

Students, parents, and visitors of a school within the school corporation are encouraged to submit a written report of alleged violations of this policy to the principal or the principal's designee on the same day that the incident was witnessed or reliable information regarding the occurrence of an incident was received. Such a report may be made anonymously. Formal action for violations of the code of student conduct may not be taken solely on the basis of an anonymous report.

The principal or designee shall conduct a thorough and complete investigation for each report of an alleged incident of bullying received. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel to assist in the investigation. The investigation shall be completed and the written findings submitted to the principal as soon as possible, but not later than five (5) school days from the date of the report of the alleged incident of harassment, intimidation, or bullying. The principal shall submit the report to the superintendent of the school corporation with ten (10) school days of the completion of the investigation. The superintendent or his/her designee shall report the results of each investigation to the board of education on a quarterly basis during regularly scheduled board meetings.

The principal shall provide the parents of the students who are parties to the investigation with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of bullying, and whether consequences were imposed or services provided to address the bullying incident if the evidence of bullying was substantiated. This information is to be provided in an expedited manner.

Any corporation and school employee, volunteer or contracted service provider who receives a report of harassment, intimidation, or bullying from a student, parent, visitor or colleague, and fails to initiate or conduct an investigation, or who witnesses or observes a bullying incident and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The superintendent of the school corporation is authorized to define the range of ways in which school staff and the principal of the principal's designee shall respond once an incident of bullying is confirmed, according to the parameters described in the corporation's code of student conduct. The school board recognizes that some acts of bullying may be isolated incidents requiring that the school officials respond appropriately to the individuals committing the acts. Other acts may be so serious that they require a response either at the school corporation level or by local law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of bullying may range from positive behavioral interventions up to and including suspension or expulsion.

The principal shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings. As appropriate to the investigation findings, the principal shall ensure the code of student conduct has been implemented, and provide intervention and/or relevant support services (i.e., refer to counseling, establish training programs to reduce bullying and enhance school climate, enlist parent cooperation and involvement or take other appropriate action). Intervention and support implemented by the principal or his/her designee should include follow up services to both the targeted student and the bully. The principal shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

The principal of each school within the school corporation is authorized to acknowledge and respond to instances of false reporting of alleged bullying incidents. The principal is expected to respond with consequences and remedial actions regarding any person found to have falsely accused another as a means of bullying as permitted under P.L. 285-2013 for:

1. Students – Consequences and appropriate remedial action for a student could range from positive behavioral interventions up to and including suspension or expulsion.

2. School Employees – Consequences and appropriate remedial action for a school employee or contracted service provider who has contact with students could entail discipline in accordance with corporation policies, procedures and agreements.
3. Visitors or Volunteers – Consequences and appropriate remedial action for a visitor or volunteer could be determined by the school administrator after consideration of the nature, severity, and circumstances of the act, including law enforcement reports or other legal actions, removal of building or grounds privileges, or prohibiting contact with students or the provision of student services.

IN POSSESSION

Students are “in possession” of an item for purposes of these grounds for suspension and expulsion if the item is on their person, in their immediate possession such as in a purse or backpack, or is kept in a place under their primary control such as locker or vehicle.

STUDENT SEARCHES

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of School Trustees, if there is a reasonable suspicion that the student has violated the law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted with or without a student’s consent by school authorities.

Students are provided lockers, desks, and other equipment in which to store school supplies and personal items necessary for use at school. It should be clearly understood that this equipment is the property of the School and may be searched at any time if there is reasonable suspicion that a student has violated the law or School rules. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the principal or the school in which the locker or storage areas is located. **UNAPPROVED LOCKS SHALL BE REMOVED AND DESTROYED.** Students are not to override the locking mechanism in their locker. Locks are to prevent theft, not to prevent searches. Anything that is found in the course of a search that may be evidence of a violation of School rules or the law may be taken and held or turned over to the police. The School reserves the right not to return items which have been confiscated. As used in this section, “reasonable suspicion” means grounds sufficient to cause an adult to believe that the search of a particular person, place, or thing will lead to the discovery of evidence that the student:

1. Has violated or is violating a rule or behavioral norm contained in the student handbook;
2. Has violated or is violating a particular law;
3. Possesses an item or substance, which presents an immediate danger of physical harm or illness to students and staff or District property.

This “reasonable suspicion” may come in different forms such as informational reports or K9 sniffs. K9 sniffs will be conducted by the Morgan County Sheriff’s office randomly throughout the school year. They will take place throughout the building and grounds.

Disciplinary Consequences

A violation by a student of a rule listed in Tables I, II, or III is subject to a range of disciplinary consequences imposed by teachers or administrators intended to be progressive in nature and move to a more serious consequence with each violation of the same or similar rule, culminating through the entire school year. Corrective actions such as the following will be used to alter disruptive behavior;

- Change of seating or location;
- Lunch or Recess Detention
- Removal from a class or activity.

Lunch Detentions

Lunch detentions follow the same expectations; however, students are responsible for serving the detention during their lunch period. They are allowed to purchase a school lunch and eat it in the office. Failure to abide by these expectations may result in additional detentions being assigned. No talking or electronic devices are permitted during detention.

In School Suspension (ISS)

In School Suspension is a more severe consequence for students. They are removed from the normal school day and report to the main office instead of their regular classroom. The student is then required to work on school assignments they missed due to their ISS consequence. All students in ISS will be allowed to purchase the government school lunch or bring their own lunch.

OUT OF SCHOOL SUSPENSION (OSS)

I.C. 20-33-8-18

Out of School Suspension is a disciplinary action used when a serious incident has occurred or a student is considered a habitual offender. An administrator may suspend a student from attendance at Monrovia Elementary School, as well as attendance at any school sponsored event, for not more than ten (10) school days. Students serving an OSS are not to be on School District property or attend any school functions during the OSS time, which ends at 7:00 am on the day returning to school.

EXPULSION AGREEMENT

Students who will be recommended for expulsion may be given the opportunity to sign an Expulsion Agreement to continue earning credits towards graduation. By choosing this option, parent/guardian and student, are voluntarily waiving the right to the expulsion due process procedure. The student will remain on probationary status for the remainder of the expulsion period, but will have no note of the expulsion on his/her school record if the terms of the agreement are upheld. Only one (1) expulsion agreement may be utilized per the student's MES career.

EXPULSION

Expulsion is a disciplinary action used for removal from school for a period longer than ten (10) days. A student may be recommended for expulsion from school for a period no longer than the remainder of the current semester plus the following semester. In cases where the student is being expelled for possession of a firearm or a destructive device, the minimum expulsion is one (1) calendar year. In the case of a deadly weapon, the maximum length of the expulsion period is one (1) calendar year. Students who are expelled are not to be on School District property or attend any school functions during the expulsion period.

EXPULSION DUE PROCESS PROCEDURE

I.C. 20-33-8-19

When a principal or designee recommends to the superintendent or designee that a student be expelled from school, the following procedures will be followed:

1. The superintendent or designee will appoint an expulsion examiner who is a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parent are given notice of their right to appear at an expulsion meeting conducted by the expulsion examiner. Failure to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion.
3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal or designee will present the evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student and to present evidence to support the student's position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the expulsion meeting.
5. The expulsion examiner may continue the suspension of a student for more than the ten (10) school day period of the principal's suspension and until the time of the expulsion decision if the examiner determines that the student's continued suspension will prevent or substantially reduce the risk of:
 - Interference with an educational function or school purposes; or
 - A physical injury to the student, other students, school employees, or visitors to the school.

LEGAL SETTLEMENT

I.C. 20-33-8-17

A student may be expelled if it is determined that the student's legal settlement is not in the attendance area of the school where the student is enrolled.

NO RIGHT TO APPEAL

The student or parent has no right to appeal an expulsion to the school board as the school board has voted not to hear student expulsion appeals. The only formal appeal may be made through the court system.

POLICE REFERRAL

If referral to the police is recommended after due process has been followed, the administrator will do the following:

1. Inform the student that a referral will be made to the police;
2. Inform the parents/guardian by phone that such a referral is being made;
3. Provide the police with the facts of the offense which has been committed by the student;
4. Submit a written report of the offense to the police and school administration including the student's name and address, as well as any pictures of or actual confiscated evidence with time and date of confiscation.

IN THE EVENT OF SPECIAL CIRCUMSTANCES, THE ADMINISTRATION RESERVES THE RIGHT TO ENFORCE OTHER DISCIPLINARY ACTION WHEN NECESSARY

MONROE-GREGG SCHOOL DISTRICT
ACCEPTABLE USE POLICY
Personal Communication Devices Board Policy 5136

Introduction

Monroe-Gregg recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st-century technology and communication skills. To that end, we provide access to technologies for student and staff use. This Acceptable Use Policy outlines the guidelines and behaviors that users are expected to follow when using school technologies or when using personally-owned devices on the school campus.

1. The Monroe-Gregg network is intended for educational purposes.
2. All activity over the network or using district technologies may be monitored and retained.
3. Access to online content via the network may be restricted in accordance with our policies and federal regulations, such as the Children's Internet Protection Act (CIPA).
4. Students are expected to follow the same rules for good behavior and respectful conduct online as offline.
5. Misuse of school resources can result in disciplinary action.
6. Monroe-Gregg makes a reasonable effort to ensure students' safety and security online, but will not be held accountable for any harm or damages that result from use of school technologies.
7. Users of the district network or other technologies are expected to alert IT staff immediately of any concerns for safety or security.

Technologies Covered

Monroe-Gregg may provide Internet access, desktop computers, mobile computers or devices, video conferencing capabilities, online collaboration capabilities, message boards, email, and more. As new technologies emerge, Monroe-Gregg will attempt to provide access to them. The policies outlined in this document are intended to cover all available technologies, not just those specifically listed.

Usage Policies

All technologies provided by the district are intended for education purposes. All users are expected to use good judgment and to follow the specifics of this document as well as the spirit of it: be safe, appropriate, careful and kind; don't try to get around technological protection measures; use good common sense; and ask if you don't know.

Web Access

Monroe-Gregg provides its users with access to the Internet, including web sites, resources, content, and online tools. That access will be restricted in compliance with CIPA regulations and school policies. Web browsing may be monitored and web activity records may be retained indefinitely.

Users are expected to respect that the web filter is a safety precaution, and should not try to circumvent it when browsing the Web. If a site is blocked and a user believes it shouldn't be, the user should follow district protocol to alert an IT staff member or submit the site for review.

Email

Monroe-Gregg may provide users with email accounts for the purpose of school-related communication. Availability and use may be restricted based on school policies.

If users are provided with email accounts, they should be used with care. Users should not send personal information; should not attempt to open files or follow links from unknown or untrusted

origin; should use appropriate language; and should only communicate with other people as allowed by the district policy or the teacher.

Users are expected to communicate with the same appropriate, safe, mindful, courteous conduct online as offline. Email usage may be monitored and archived.

Social/Web 2.0 / Collaborative Content

Recognizing the benefits collaboration brings to education, Monroe-Gregg may provide users with access to web sites or tools that allow communication, collaboration, sharing, and messaging among users.

Users are expected to communicate with the same appropriate, safe, mindful, courteous conduct online as offline. Posts, chats, sharing, and messaging may be monitored. Users should be careful not to share personally-identifying information online.

Mobile Devices Policy

Monroe-Gregg may provide users with mobile computers or other devices to promote learning outside of the classroom. Users should abide by the same acceptable use policies when using school devices off the school network as on the school network.

Users are expected to treat these devices with extreme care and caution; these are expensive devices that the school is entrusting to your care. Users should report any loss, damage, or malfunction to IT staff immediately. Users may be financially accountable for any damage resulting from negligence or misuse.

Use of school-issued mobile devices off the school network may be monitored.

Personally-Owned Devices (POD) Policy

Students should keep personally-owned devices (including laptops, tablets, smartphones, and cell phones) turned off and put away during school hours—unless in the event of an emergency or as instructed by a teacher or staff for educational purposes.

Because of security concerns, when personally-owned mobile devices are used on campus, they should not be used over the school network without express permission from IT staff. In some cases, a separate network may be provided for personally-owned devices.

Security

Users are expected to take reasonable safeguards against the transmission of security threats over the school network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin.

If you believe a computer or mobile device you are using might be infected with a virus, please alert IT. Do not attempt to remove the virus yourself or download any programs to help remove the virus.

Downloads

Users should not download or attempt to download or run .exe programs over the school network or onto school resources without express permission from IT staff.

You may be able to download other file types, such as images or videos. For the security of our network, download such files only from reputable sites, and only for education purposes.

Netiquette

Users should always use the Internet, network resources, and online sites in a courteous and respectful manner.

Users should also recognize that among the valuable content online is unverified, incorrect, or inappropriate content. Users should use trusted sources when conducting research via the Internet.

Users should also remember not to post anything online that they wouldn't want parents, teachers, or future colleges or employers to see. Once something is online, it's out there—and can sometimes be shared and spread in ways you never intended.

Plagiarism

Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they didn't create themselves, or misrepresent themselves as an author or creator of something found online. Research conducted via the Internet should be appropriately cited, giving credit to the original author.

Personal Safety

Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users should recognize that communicating over the Internet brings anonymity and associated risks, and should carefully safeguard the personal information of themselves and others. Users should never agree to meet someone they meet online in real life without parental permission.

If you see a message, comment, image, or anything else online that makes you concerned for your personal safety, bring it to the attention of an adult (teacher or staff if you're at school; parent if you're using the device at home) immediately.

Cyber bullying

Cyber bullying will not be tolerated. Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyberstalking are all examples of cyberbullying. Don't be mean. Don't send emails or post comments with the intent of scaring, hurting, or intimidating someone else.

Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyber bullying can be a crime. Remember that your activities are monitored and retained.

Examples of Acceptable Use:

1. Use school technologies for school-related activities.
2. Follow the same guidelines for respectful, responsible behavior online that I am expected to follow offline.
3. Treat school resources carefully, and alert staff if there is any problem with their operation.
4. Encourage positive, constructive discussion if allowed to use communicative or collaborative technologies.
5. Alert a teacher or other staff member if I see threatening, inappropriate, or harmful content (images, messages, and posts) online.
6. Use school technologies at appropriate times, in approved places, for educational pursuits.
7. Cite sources when using online sites and resources for research.
8. Recognize that use of school technologies is a privilege and treat it as such.
9. Be cautious to protect the safety of myself and others.
10. Help to protect the security of school resources.

This is not intended to be an exhaustive list. Users should use their own good judgment when using school technologies.

Examples of Unacceptable Use

1. Use school technologies in a way that could be personally or physically harmful.
2. Attempt to find inappropriate images or content.
3. Engage in cyberbullying, harassment, or disrespectful conduct toward others.
4. Try to find ways to circumvent the school's safety measures and filtering tools.
5. Use school technologies to send spam or chain mail.
6. Plagiarize content I find online.
7. Post personally-identifying information, about myself or others.
8. Agree to meet someone I meet online in real life.
9. Use language online that would be unacceptable in the classroom.
10. Use school technologies for illegal activities or to pursue information on such activities.
11. Attempt to hack or access sites, servers, or content that isn't intended for my use.

This is not intended to be an exhaustive list. Users should use their own good judgment when using school technologies.

Limitation of Liability

Monroe-Gregg will not be responsible for damage or harm to persons, files, data, or hardware. While Monroe-Gregg employs filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness. Monroe-Gregg will not be responsible, financially or otherwise, for unauthorized transactions conducted over the school network.

Violations of this Acceptable Use Policy

Violations of this policy may have disciplinary repercussions, including:

1. Suspension of network, technology, or computer privileges
2. Notification to parents
3. Detention or suspension from school and school-related activities
4. Legal action and/or prosecution
